"Mill City" CD/LP

"Mill City" is a 15 chapter tale of a mind on the familiar quest for life's meaning. Departing on a journey with destination unknown, ANOTHER BREATH has successfully captured so much of the familiar raw emotion that comes from our personal struggle to ultimately find our own place in the world. Confusion, regret, anger, fear, loneliness, self doubt - it's all here, compiled in a sort of chronological order that seems so familiar, finally putting the words and music to so many days, nights, weeks, and months that we've all endured. Serving as the next step in a natural progression from the band's "Not Now, Not Ever" EP (Rivalry Records, June 2004), this album is a step up in every way. With matured song writing, driving intensity, and focused lyrical content, ANOTHER BREATH has transcended the hardcore norm, pulling influence from good 'ol fashion punk rock, rock n roll, and contemporary hardcore, creating an album that stands apart from the pack. With musical and vocal remnants of past and present peers AMERICAN NIGHTMARE, SUICIDE FILE, and MODERN LIFE IS WAR, the band has truly built upon the inspirations of the past and written their own chapter for inspiration in the future.
