### "From Anger And Rage" CD/ LP

From the depths of an angry, lost generation's heart and soul comes the new CD/LP from VERSE entitled "From Anger And Rage". Serving as a follow up to the band's "Rebuild" CD/LP (Rivalry Records, August 2004), the new album is a manifestation of the band's growth, reflection, and their struggle to speak out against a world that is suffocating, silencing, and invalidating an entire mass of resistant voices. The song writing is more cohesive than ever, hitting harder, heavier, and with much more focus. The vocals are angrier, more personal, more desperate than those of the past, venomously lashing out at the status quo, pleading with the silenced and the fearful to rise and embrace the strength in our numbers. For those still burning inside, take heart: from anger and rage comes rebellion.
