Soul Control "Self-Titled" 7" / iTunes

Rising out of Providence, Rhode Island, SOUL CONTROL is one of hardcore's newest and most promising bands. Playing heavy, driving, rhythmic hardcore influenced by BAD BRAINS, BURN, BANE, 108, STRIFE, and QUICKSAND, this band is a reflection of a time when hardcore had much more compassion, awareness, and accountability. This four song EP is just a small dose of much more to come!

This release is available on 7" and iTunes digital download on May 15th (no CDEP version, grab it on iTunes!). Keep an eye out for a split 7" with I RISE on a local RI/Mass label, a follow up 7" EP on Rivalry in June/July, and a 10 song CD featuring the tracks from all 3 recordings.
