Soul Control "Involution" CD / LP

Drawing influences from bands such as BURN, BANE, QUICKSAND, 108, and INTO ANOTHER, Soul Control breathes fire back into a long-dormant style of hardcore. Don't mistake this as a grasp at nostalgia, Soul Control is not content to simply emulate a sound from the last decade. "Involution" is instead a new chapter, a progression from the classics of the genre. Lyrically, the album concentrates on self-evaluation, introspection, and taking a deeper look at what composes the Self. Mid-tempo and passionate, "Involution" has a definite groove driven by melodic yet strident guitar, thick, heavy bass lines, and drums that are as compelling as they are driving.

LP available on limited RED vinyl.
