## Verse "Aggression" LP

VERSE Aggression is a statement. In the world of hardcore, bands hardly make it to a third full-length, and rarely, is it their most impassioned and urgent. Yet, Verse has done just that. Frontman Sean Murphy has spent the last five years screaming his lungs out, but Aggression is their most developed and politically pointed release. From the opening chaos of "The New Fury" throughout the six and a half minute epic "Story of a Free Man"- it's clear where Verse stands with songs about the politically oppressed and the current political and social landscape set to a vitriolic wall of hardcore. The scene hasn't had a band this outspoken and critical of our world in a long time and we need it.

"Hardcore, plain and simple, needs more bands like Verse - More bands that can match their own passion and intensity with the skill to parlay it into something memorable." - Punknews.org
