Devotion "Bastard Son Of Affluence Blues" LP

Devotion is the latest musical project from Mark Palm, the creative mind behind Go It Alone. This project finds Palm moving even further in the direction that was becoming evident in the final Go It Alone recordings: slow, dark, rock oriented hardcore. In the fall of 2008 a ten song LP entitled Bastard Son Of Affluence Blues was recorded with Jesse Gander at The Hive Creative Labs in Burnaby, British Columbia. In addition to Palm's vocals and guitar playing, drum and percussion performances were handled by Aaron O'Neil of ON. Drawing influence from hardcore, rock, and beyond, Bastard Son Of Affluence Blues is a forty minute monolith of heavy, yet tuneful, hard volume. LP on Rivalry, CD self-released by the band.
